Subscribe to the core Adam Matthew Digital portfolio

Benefit from an annual subscription to the core AM Digital portfolio through AM Explorer. This gateway to millions of pages of primary sources, provides content spanning the 15th to 21st centuries, with new collections added every year.

Harness AM Explorer to transform the learning experience of your students and researchers:

- Explore interdisciplinary connections across the Humanities and Social Sciences, with built-in federated search functionality across all the collections and source material
- Browse award-winning collections developed in collaboration with leading libraries and archives from around the world
- Leverage the latest technology including Handwritten Text Recognition and data visualization to deepen your research
- Discover the benefits of our new annual pricing structure, enabling libraries of all sizes to access the entire portfolio

Evidence-Based Acquisition now available: Includes 50% credit for perpetual access purchase
